FROM THE PRESIDENT & VP

Dear Alumni,

With the foliage falling and the end of the fall term approaching, we hope that this Pillar finds you and your family well. We are happy to detail the secure and strong position of the house.

While saying goodbye to the class of 2024 in the Spring was difficult, the brothers made their final term in the house one to remember. Frequent jeopardy nights, charity gaming tournaments, intramural pickleball, and a formal at Storr's Pond were just some of the countless experiences that we were able to share. It all culminated with a special meetings where we celebrated our seniors while they bequeathed house memorabilia.

The memories kept coming during the class of 2026s sophomore summer. Trips to the copper mines, Quechee Gorge, and cooking for the Hanover Community Kitchen made up a summer full of fun brotherhood and community events.

Carrying this momentum into the fall, we had high hopes for Rush that came to fruition. We added 26 new members this fall, 24 of whom are sophomores (class of 2027). The success we saw during rush is a testament to the hard work done by our Rush Chairs Kevin Guo '26, Raymond Li '26, as well as large contributions from the entirety of the active brotherhood. As we near the end of pledge term, the strength of the class of 2027, and the entire house, is more apparent than ever.

A MESSAGE FROM THE PRESIDENT & VICE PRESIDENT (continued)

We were very excited to welcome back alumni during homecoming. Preparing our hallowed halls for a special meetings and barbecue to welcome back members of our alumni board and alumni of various class years was exciting. It was a pleasure to meet and spend time with all of them and listen to their stories about what the house means to them. We look forward to reunions for the classes of ’65, ’70, ’75, ’79, ’80, ’81, ’95, ’00 this upcoming June as well as the 5- and 15-year reunions this coming July. Outside of these designated times, we want to emphasize that the doors of 1 Webster are always open to you and your families at any time.

On the note of staying connected, we hope that you will join our Facebook, WhatsApp, Instagram LinkedIn and TikTok groups while following our house instagram account @dartmouthpikap. The links to join are included below. Please feel free to forward this pillar to any brothers that may not receive it and encourage them to connect with the house through any of the above channels.

Furthermore, our Alumni Board is more than happy to connect you with any of the undergraduates or other alumni. As we near the end of our loan repayment, we work closely with our Alumni board to meet both the short term and longer term financial hurdles and ensure the future of the house. Details about fundraising can be found in Greg Smith ’85’s section below.

We hope that the bonds of brotherhood remain stronger than ever and hope to hear from you soon!

Yours in Kappa,

Varun Wescott ’25	Michael Lu ‘25	Nick Krivov ‘24+1

PHILANTHROPY

REPORT

A snapshot of our termly collaboration with Hanover Community Kitchen. Here we see Dalton Swenson '26 and Aidan Lee '25 helping out those in need. Major shoutout to everyone who got out there to lend a hand!

Yours in Kappa,
Ethan Lang '23 + 2
Philanthropy Chair

PROGRAMMING

REPORT

Fall 2024 has been a fantastic term for the brotherhood, underscored by our many programming events. We've especially prioritized consistency, running a large number of simple but important opportunities for spending time together - everything from movie nights to pickup basketball to trips to the local casino. In addition, we managed to get a house Montreal trip planned, which we hope to make a termly tradition. The positive momentum from rush has brought a renewed energy to the house, and it's these events that help turn that energy into lifelong friendships.

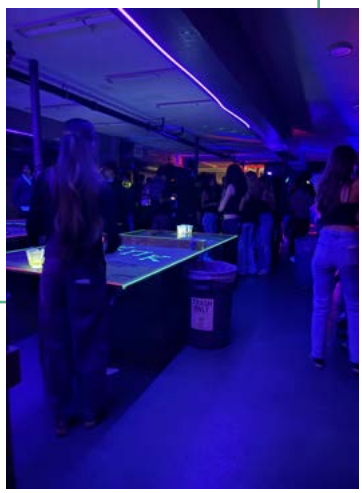
Yours in Kappa,
Raymond Li '26
Programming Chair

SOCIAL CHAIR

REPORT

In my two years as social chair, I've had the distinct pleasure of watching as the house identity has been shaped by our many talented brothers. Playing to our strengths, socials have included everything from "James Bond" casino nights to dance scenes facilitated by our first ever house DJ committee, which includes several of our New Members. Meanwhile, our interhouse relations have grown stronger, we have shifted to host more open to campus events, and our novel ideas like glow in the dark pong at a blacklight dance scene keep guests eager to attend. Our social standing and the events we are able to run have a direct impact on the quality of life of brothers as well as future cycles of rush, so to see this energy, enthusiasm, and success gives me great hope for the years to come.

Yours in Kappa,
Varun Wescott '25
Social Chair



UPDATE
ON RECENT ALUMS

Having graduated in June, freshly minted alums are now settling into their jobs and new lives after four years of undergraduate studies. Here's a sampling of what we're up to!

Quentin Calhoun '24 is at Bain & Company as an Associate Consultant in Boston, MA

Ryan Hammond '24 has started at Santander in NYC as an Investment Banking Analyst

Luis Hinojosa '24, *President Emeritus*, is working in Houston, TX as an Area Manager at Amazon

Ben Levy '24 has begun work as a Real Estate Private Equity Analyst at Sterling Organization in West Palm Beach, FL

Jack Nicastro '23+1 is in Washington, DC working as an Assistant Editor at the Reason Foundation

Dave Sherwood, Class of '91 and Greg Smith, Class of '85

TREASURER'S REPORT

The Brothers of Kappa Pi Kappa would like to express their gratitude to all of the alumni who continue to support the brotherhood with their advice, their wisdom and their gifts. Without your generous donations we could not continue to operate the lodge.

In the past year we have been able to make several improvements to the house.

Your beneficence has allowed us to expand our brotherhood with a historically large class this fall. While this is great news for the brotherhood, it does mean that we will rely on your continued generosity as we bear the costs of the new class. In the past year, the house has faced operational challenges and expenses, and continues to bear the burden of the renovations conducted nearly a decade ago.

These persistent costs are further straining house finances, and as we draw closer to the date of the final payment for the loan, we are conscious of the large payment that will accompany that deadline. Please remember that early payment now has a significantly larger effect on the final balance due in 2031 because of Interest saved.

We hope that we can count on your help as we face these challenges together. During this exciting time of growth for the house, we will strive toward realization of our founding principles of equality, loyalty, and fidelity.

Thank you!

Yours in Kappa,
James Eiler '25,
Treasurer

HOUSE MANAGER'S REPORT

It's been beach weather in October for the Pi Kap housemen as we admire the Blue Robe Beach plaque hung earlier this year. New bulbs were strung to make the spot more usable at night while brothers take in the view of the new brick fire pit on the lawn below, where campfires and cookouts have become regular activities.

The inside of the house was graced by the presence of a boiler technician who fixed a slow leak as well as our relationship with the house inspectors. Regular maintenance of the basement included patching drywall, replacing parts for the washing machines and dryers, and fixing the door to the back room. The back room has been transformed into an escape from the noise of the basement with the addition of a couch, armchair, and a small TV on the wall.

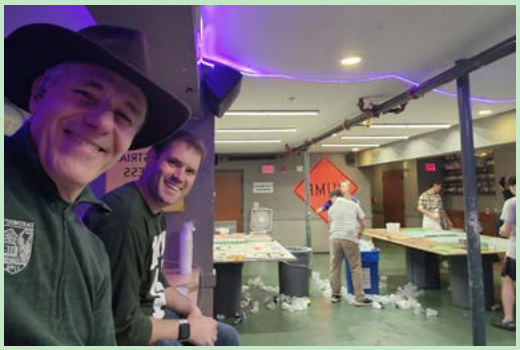
The housemen coordinated some ambitious lock-in tasks this past weekend. Every floor was either mopped or painstakingly steam cleaned, bathrooms were scrubbed, and junk was cleared from every corner of the house. No mercy was shown.

We're looking forward to keeping ahead of maintenance as the year progresses.

Yours in Kappa,
Ethan Lang '23+2
Joe McInnis '24 TH '25
House Managers

Do you have any favorite house stories?

Every week at our Wednesday night house meetings our brothers share a tale of past and present deeds (or, preferably misdeeds) for the brotherhood's enjoyment. If you have any stories of house adventures, pledge term legends, or anything else you think the brotherhood might find interesting, we encourage you to email them to Kappa.Pi.Kappa@dartmouth.edu and address them to the "House Historian". The stories will only be used for the private enjoyment of the brothers unles syou give express permission otherwise. Thanks!



Greg Smith, Class of '85 and Matt Graves '14

New members enjoy a weekly bonfire by the front patio

24F formal, held at a Vermont Brewery

CHAIRMAN'S

REPORT

Brothers,

Having just visited Hanover for homecoming, I can truly say "greetings from the Hanover plane!"

We on the Board are proud and excited for the undergraduate brothers. The house continues to be vibrant and the Brotherhood strong. This is a credit to the current efforts of the leaders of the house, who recruited a class of '27 which is 24 strong and added 2 to the class of '25.

Each year I enjoy going up to Hanover and visiting the house at Green Key and homecoming. I met most of the new member class (that is what they call the pledges now) and I can tell you they're a great bunch of guys full of energy and intellectual curiosity. The pong tables in the basement are also well used; I can personally attest!

I have been very impressed with the undergraduate leadership and their conduct of the new member term each fall. Following Rush weekend the agenda includes a weekly focus on different aspects of the brotherhood, including history, athletics, philanthropy, academics and others. There is both an intentional and an organic process, bringing each new member into the culture of our Society of Kappa Pi Kappa.

This year I was honored to have the time to speak more formally with the new member class with most of them in attendance at noon on Saturday prior to the football game. The focus of my talk was on the lifelong friendships with which we are blessed as members of KPK Society. Thanks to the great efforts of Gerry Hughes, '88, an annual Gathering of Kappa Brothers has grown over the last few years beginning in Las Vegas then most recently in Washington DC this past April and looking forward to next April in New Orleans. We had approximately 25 brothers from the classes of '85 through '92, and it's growing every year. This is a special privilege in our modern-day society to have a gathering of friends which spans decades.

It has struck me of late that the other unique feature of our friendships is the closeness of the brothers in the context of a very wide diversity of political position, professional experience and cultural history. This is a great asset and a unique phenomenon in our current American culture which is unfortunately divided and sometimes hostile. I count this as a great honor and unique privilege which has enriched my life and informed my intellect.

In my talk with the undergraduates I focused on this aspect of the Brotherhood as well. Don't you know I was pleasantly surprised when three alumni brothers wandered into the house just at the beginning of my talk, Bob Joy, '71 James Low, '71 and Bill White, '67. I told them what we were doing and invited them to say a few words after mine and they toward the house then joined in at the end of our talk to share their perspective and experience in the house as well as a few humorous stories! I couldn't have planned it better if I had tried, what a privilege!

As Chairman of the board I have tasked myself with three major areas of focus; (1) the physical plant and its upkeep, (2) the financial health of the organization and repayment of the property loan, and the most important, (3) the human factor, that is to say, the Brotherhood, which is the core of the organization, its spirit and its strength.

I am happy to report to you that the physical plant, although not always pristine, is intact and cleaner this week. The loan is being repaid in a timely fashion, although we need to be more aggressive in our fundraising to complete our goal by 2031. Most importantly, the current membership of the classes of '25, '26 and '27 are all strong, quality men, each with more than 20 members, with 24 brothers each in the most recent classes.

I am honored and humbled to serve as Chairman of the Board, and we on the board will continue to do the best we can to serve Kappa Pi Kappa Society to the best of our ability.

Yours in Kappa
Greg Smith, MD, '85
Chairman of the Board
